Temeljna literatura in viri/Readings:

- Guide to the application of the European Union rules on state aid, public procurement and the internal market to services of general economic interest, and in particular to social services of general interest (SWD(2013) 53 final/2)
- COMMISSION STAFF WORKING PAPER concerning the application of EU public procurement law to relations between contracting authorities ('public-public cooperation') (SEC(2011) 1169 final)
- COMMUNICATION FROM THE COMMISSION on the application of the European Union State aid rules to compensation granted for the provision of services of general economic interest (C(2011) 9404 final)

Cilji in kompetence:

Objectives and competences:

	The purpose of the course is to provide a student with a detailed understanding of legal regulation of public services in EU Law. In order to upgrade the theoretical knowledge students are expected to develop the ability to solve the concrete practical issues by analyzing the relevant treaty provisions, EU legislation and case law dealing with public services ("services of general economic interest").
--	--

Predvideni študijski rezultati:

Intended learning outcomes:

	After the concluded assignments a student will be capable to understand the functioning and the legal framework of public services in EU law. Students are also expected to develop skills and expertise necessary for dealing with legal issues arising in this field. Accordingly, a student will be capable to interpret individual concepts and to skillfully apply them in practice.
--	---

Metode poučevanja in učenja:
